

To our dedicated Employees, Rep agencies and Customers,

I am writing with a heavy heart to inform you that McFadden Lighting Co. is going out of business effective at the close of business March 31, 2022. This is a difficult moment for us that has been necessitated by the continued rising cost of materials and increasing lead times that has made delivering products on schedule and within cost expectations virtually impossible. We have explored all avenues of continuing the business, however we are no longer able to shoulder the burden of the economic challenges plaguing small business currently.

It has been my greatest pleasure to design and fabricate quality lighting for some of the most beautiful architectural buildings in the country. I truly appreciate all of the years you have been dedicated to McFadden Lighting.

If you have any questions please feel free to contact me.

Best Regards,

Jay Sturgeon

CEO
