

# Colonial Electric is Hiring!

**Inside Sales | Outside Sales | Gear Specialist**

Colonial Electric has an aggressive growth strategy and we are committed to finding Team Members who will excel in their field and grow with the company!

We are seeking industry experienced individuals to bring their knowledge and expertise to our existing core teams to collaborate on improving sales and the customer experience!

If you are someone who is driven, focused and passionate about your field, then Colonial Electric is the perfect place for you to advance your career!

## Who is Colonial Electric?

We are Colonial Electric Supply, the #1 supplier of commercial electrical and lighting components in the tri-state area. That means we keep the lights on, the electricity flowing, and the factories bright and humming.

**Our Team** - At 500 strong and growing, our team is the fastest and smartest in the lighting and electrical supply business, with the most contracts because we love to win!

**A Delightfully Simple Work Culture** - You'll enjoy Colonial Electric because our workspaces and people form a family culture—very different from the corporate world.

**Work-Life Balance:** We are privately-owned and led by men and women of strong character. That means we value the health and happiness of the people who work with us. We've made work-life balance a point of pride for 90 years. Back in 1925, we called it "respect." Everyone who joins Colonial Electric is a respected member of our team.
