### BECP Energy Code Webinar Series: Expanding the Energy Codes Workforce Equitably

Please join the DOE Building Energy Codes Program for the <u>2023-2024 Energy Code</u> <u>Webinar Series</u>! This monthly webinar series, regularly scheduled for the third Thursday of every month at 1 pm (Eastern), will provide an opportunity to learn, discuss, and engage on timely and important energy code topics throughout the year. Each monthly webinar will be presented across a range of engaging formats, from topic-based lectures to expert panels and interactive discussions.

#### Register now for this week's session!

STRATEGIES TO EXPAND THE ENERGY CODES WORKFORCE EQUITABLY (<u>Register</u>)

Date/Time: Thursday, October 19, 2023 @ 1:00-2:30pm ET (12 CT /11 MT /10 PT)

Description: Hear from workforce development professionals on techniques to grow and expand the energy codes workforce in a way that prioritizes equity. This webinar will examine the specific issues facing the codes workforce and highlight programs and partnerships seeking to address them. Speakers will introduce regional challenges to growing a diverse workforce and discuss innovative outreach and training efforts for contractors, HVAC professionals, whole-home retrofit experts, and more.

#### **Future Events**

We hope you become a regular attendee and tune in to the webinar series each month. Our current line-up of topics over the next few months include:

- What You Need to Know about the New Energy Standard for Commercial Buildings: ASHRAE Standard 90.1-2022 | November 16<sup>th</sup> (<u>Register</u>)
- Best Practices for Understanding and Improving Compliance: Field Studies, Circuit Riders, and More | January 18<sup>th</sup> (<u>Registe</u>r)
- Addressing Existing Buildings: Building Performance Standards and Implementation Support Tools | February 15<sup>th</sup> (<u>Registe</u>r)
- Energy Code Enforcement Challenges and Opportunities in Rural Communities | March 21<sup>st</sup> (<u>Registe</u>r)

You can register for each webinar, access presentation slides, and view previous webinars at <u>https://www.energycodes.gov/becp-energy-code-webinar-series</u>.

#### **Continuing Education**

AIA and ICC continuing education credits will be offered for the live events. Instructions for requesting certificates of completion will be provided at the end of each live seminar.

#### The Building Energy Codes Program

The U.S. Department of Energy supports the advancement of building energy codes. Modern building codes and standards offer cost-effective solutions, contributing to lower utility bills for homes and businesses, and helping to mitigate the impacts of climate change. Learn more at <u>energycodes.gov</u>.
