

To our wonderful customers, manufacturer partners, industry colleagues, and vendors,

Digital Filaments will cease operations - likely by the end of 2023.

We have been proud to Deliver Light Simply to the greater Philadelphia lighting market since 2012. We are grateful for the chance to have worked with each of you and we wish you the best in your future endeavors.

Several of our team members are looking for their “next”, so please reach out to them or to me if you would like to consider them or refer them for future opportunities.

Our remaining staff will be handling existing quotations, orders, customer service, and financial functions as we work to support our current manufacturers with smooth transitions to new representation in the territory.

Most sincerely,

Billy Hodges,

founder
