## The next dimension of lighting has arrived.

Introducing Wedge™, Vode's new family of lighting solutions that empower architects and designers with creative freedom through new forms and optics. The Wedge family, made up of Peak and Slope, offers endless possibilities for enhancing any space.

Whether you want these versatile luminaires to stand out as focal points or seamlessly integrate into your architecture, Wedge elevates your design.

Wedge boasts a range of key features that make it an exceptional lighting choice. Enjoy flexible and easy to install mounting options with clips and magnets.

Experience enhanced visual comfort with indirect lighting, and appreciate the unique shape that adds a touch of design interest to any space.

Visit [vode.com/wedge](https://vode.com/wedge) and discover the transformative power of Wedge for your next project.
